

ACKNOWLEDGEMENTS

It would be remiss of me, as the author of this volume, not to credit several other noteworthy contributors who have facilitated the completion of my writing. The valuable assistance of Brenda Neitz (Albemarle County), Mary Chinchello (City of Norfolk), Richard M. Harrington (Library of Virginia), Bea Berry (City of Newport News), Pat Noble (Chesterfield County), Beth Carroll (Chesterfield County), Nancy Tyler (Fairfax County Public Schools), Joanne Smith (Library of Virginia), Donna Foster (Town of Culpeper), Robert Vay (George Mason University), and Joan Dolezal (Chesterfield County) provided key documentation and input for this effort. Without their assistance in providing appropriate newsletters, vital approved board minutes, miscellaneous correspondence, assorted annual conference materials, and personal notes, this history of our organization would not have been possible. The collected materials account for a rich lode of knowledge about the people, places, events, and times during which we became VAGARA.

Moreover, this author also wishes to acknowledge and compliment the efforts of our successive “generations” of members and elected officers whose record of accomplishments has been the single most significant resource in the development and completion of this volume.
